EDUCATION

PhD Candidate, Ecology and Evolutionary Biology 2023 - present
University of California Santa Cruz. GPA: 4.00 / 4.00

PhD Candidate, Ecology and Evolution 2020 - 2023
Rutgers University. GPA: 4.00 / 4.00

B.S. in Environmental Science and B.A. in Biology, *Summa cum laude* 2017
University of Maryland, Baltimore County (UMBC). GPA: 3.95 / 4.00

PROFESSIONAL & RESEARCH EXPERIENCE

Graduate Student Researcher, Pinsky Lab 2020 - Present
Rutgers University and *UC Santa Cruz Ecology and Evolutionary Biology Graduate Programs*

Visiting Graduate Researcher 2023 - Present
Lúrio University College of Natural Sciences. Pemba, Cabo Delgado, Mozambique.

Fire Effects Monitoring Technician 2020
US National Park Service, Northern Great Plains Fire Management. Hot Springs, SD.

Peace Corps Volunteer 2017 - 2019
United States Peace Corps, Nampula Province, Mozambique.

Undergraduate Research Assistant, Baker Lab 2014 - 2017
UMBC Department of Geography and Environmental Systems. Baltimore, MD.

PUBLICATIONS

Bos, J.T., McManus, L.C. and Pinsky, M.L. Contrasting patterns of genetic variation and dispersal in *Acropora cf. tenuis* and its algal symbionts. *In prep.*

Bos, J.T. and Pinsky, M.L. Satellite sea surface temperatures capture the conditions experienced by corals at monthly but not daily timescales. *Coral Reefs*. (2025).

Baker, M.E., Yesilonis, I., Templeton, L., Shobe, B., **Bos, J.T.**, Sonti, N. & Lautar, K. Distributed urban forest patch sampling detects edge effects and woodland condition for monitoring and management. *Ecosphere.* (2025).

Pinsky, M.L., Clark, R.D., **Bos, J.T.** Coral Reef Population Genomics in an Age of Global Change. *Annual Review of Genetics.* 57:2.1–2.29 (2023).

TEACHING AND OUTREACH EXPERIENCE

Teaching assistant, Genetics for Ecologists 2026
University of California, Santa Cruz.

Teaching assistant, Field Biology in Practice 2024 - 2025
University of California, Santa Cruz.
Teaching assistant, Intro to Physiology and Development 2025
University of California, Santa Cruz.
Undergraduate research supervisor 2024 - 2025
Lurio University, Pemba, Mozambique
Secondary School Biology Teacher 2017 - 2019
Peace Corps Mozambique. Nampula Province, Mozambique
National Science Fair Curriculum Coordinator 2018 - 2019
Peace Corps Mozambique.
Service Learning Student Coordinator 2014 - 2017
University of Maryland, Baltimore County Shriver Center. Baltimore, MD.

GRANTS & FELLOWSHIPS

UCSC Committee on Research (COR) Large Grant recipient	2025
Stephenson Explorers Advancement Program grant recipient	2023
Lewis & Clark Fund for Exploration and Field Research grant recipient	2023
Rutgers Ecology and Evolution Small Grant recipient	2022
National Defense Science and Engineering Graduate Fellowship	2021 - 2024
NSF Graduate Research Fellowship Program Finalist	2021
France-Merrick Fellowship, The Shriver Service Learning Center at UMBC	2016 - 2017
UMBC University Scholar Award	2013 - 2017

HONORS AND AWARDS

Outstanding Teaching Assistant, Ecology and Evolutionary Biology 2024 - 2025
University of California, Santa Cruz.
Runner Up, Best Presentation, Student Conference on Conservation Science 2025
American Museum of Natural History, New York.
Honors College Community Service Award 2017
University of Maryland, Baltimore County
Outstanding Graduating Senior, Geography and Environmental Systems 2017
University of Maryland, Baltimore County
Outstanding Senior in Biological Sciences 2017
University of Maryland, Baltimore County

SELECTED PRESENTATIONS

- Bos, J.T., McManus, L.C., & Pinsky, M.L. Cryptic Variation and Dispersal in *Acropora* Corals. *Student Conference on Conservation Science*. October 2025.
- Bos, J.T., McManus, L.C., & Pinsky, M.L. Gene flow and cryptic variation in a reef-building coral (*Acropora tenuis*). *Ecological Society of America.* August 2025.
- Bos, J.T., McManus, L.C., & Pinsky, M.L. Dispersal and cryptic speciation in *Acropora tenuis. American Society of Naturalists Meeting*. January 2025.

- Bos, J.T., McManus, L.C., & Pinsky, M.L. Neutral genetic variation in a reef-building coral. *Bay Area Population Genetics*. October 2024.
- Bos, J.T., McManus, L.C., & Pinsky, M.L. Spatial genetic structure of *Acropora tenuis* in the central Philippines. *Ecological Society of America.* August 2024.
- Bos, J.T. and Pinsky, M.L. Spatial climate heterogeneity varies between reefs. *American Society of Naturalists Meeting.* January 2023.
- Bos, J.T. and Pinsky, M.L. Predicting fine-scale climate on tropical coral reefs. *International Coral Reef Symposium 2022.* July 2022.

SKILLS

Programming: Python, R | **Version control:** Git | **Languages:** Portuguese, Spanish, Makhua
Other: PADI Rescue Diver certification. AAUS Scientific Diving Certification.
